PICTORIAL HISTORY

## THE UNITED STATES,

FROM the discovery of America by the Northmen to the present time.—By Joux Frost, Professor of Belles Lettres of the High School of Philadelphia.—Embellished by upwards of three hundred original cuts, designed by Croome expressly for this work.—Now in progress of publication, and to be completed in twenty monthly numbers, at the unparalleled low price of twenty-five cents each; the whole forming four octavo volumes.

whole forming four octavo volumes.

A full and copious History of the United States for families and libraries, has long been called for by the American people; the publisher has now the pleasure and satisfaction of presenting to the public such a work. It is the result of years of study and research by one of our ablest writers; and in order that the noble deeds and striking scenes connected with our history may be properly depicted, the publisher has engaged the services of a superior and distinguished artist.

In carrying out this undertaking a great investment.

tinguished artist.

In carrying out this undertaking, a great investment of capital has been required, and much mechanical skill emp oyed to render it a work worthy of the admiration of every lover of his country; and one to which every patriot may point as an evidence of the great degree of perfection and refinement our liberal institutions have secured us.

The first number appears this day, (April 1st); the race area number appears this day, (April 181) the succeeding ones will appear promptly on the first of each month intil the whole is perfected. At the con-clusion of each volume, a complete index and title page will be fornished.

The publisher pledges himself that the embellishments in the whole work shall exceed three hundred and equal those in the first or specimen number in style and execution. The distribution of the pictures

style and execution. The distribution of the pictures will of course be regulated by the subject, some chapters being much more susceptible of rich pictorial embellishments than others. The succeeding parts will contain the same number of pages as this. Persons at a distance, who are desirous of obtaining this work direct from the publisher, will please remit five dollars, free of expense of postage, (Postmasters' franks can always be obtained for remittances for periodicals,) and the whole will be sent.—Clubs, by a remittance of ten dollars, will receive three copies; by a remittance of fitteen, five copies, four and one-half cents; upwards of an hundred miles, seven and one-half cents.

Individuals desirous of acting as agents for this work, are advised to make application.

COUGH LOZENGES.

PETERS' COUGH LOZENGES are now rapidly superseding all other preparations for the relief of Coughs, Calds, Asthma, Whooping cough, Tightness of the Chest, Bronchitis, and similar pulnary affections

CONSUMPTION CANNOT BE CURED!

Those who say it can are imposters and quacks. Still it may be prevented or its progress stayed, by using Dr. Peters' Cough Lozenges. Begin in season. Do not neglect a slight cough until consumption has commenced its ravages. A delay of a few days of ten prove fatal. Price 25 cents per box. Peters' Cough Lozenges have performed some of the most remarkable cures on record. One trial of them is more settled.

THE GREAT OBJECT GAINED! THE GREAT OBJECT GAINED!

Peters' Medicated Lozenges are the most valuable discovery of the 19th century. They are entirely pleasant to the taste, and more efficient thin any other medicine. These Lozenges are the result of long continued and patient investigation and experiment, conducted in concert by some of the most distinguished physicians in the Union, who believing that some of the best known remedies might be prepared in a palsatable form, have directed their labors to that end, till they have produced preparations in the popul r form of Lozenges for nearly every disease incident to the human system.

To parents we would say, do not be without these Lozenges at any time—attend to these suggestions you value the lives of your children.

PETERS' PILLS. TO THE WHOLE WORLD.

It is admitted by all who have used them, (and who has not?) hat Dr. Peters' Vegetable Pills are the most unrivalled medicine ever discovered by the ingenuity of man. They are a sovereign cure for the following complaints:—Yellow and billious fever and ague, croup, liver complaint, siek headache, jaundice, asthma, dropsy, rheumatism, enlargement of the spleen, piles, colie, female obstructions, heartburn, furtongue, nausea, distension of the stomach and howels, incipient diarrhos, flatulency, habitual costiveness, loss of appepite, blotched or sallow complexion, and all cases of torpor of the bowels, where a catharic or an aperient is needed.

and all cases of torpor of the bowels, where it ca-tharic or an aperient is needed.

WORM LOZENGES.

Dr. Peters' Worm Lozenges are the surest and safest worm destroyer ever discovered.

It is estimated that, in the United States, 100,000 children die yearly from the effect of worms alone. This vast mortality can be almost entirely prevented by the use of Peters' celebrated Lozenges. \*Tomas. Catharine Ann Briggs, Cherry street, Philadelphia, has a little daughter who had been in a decline for several years. At times she would eat voracrously, and sometimes eat nothing at all; and she was fast wasting away. Her symptoms were so unusual and c niradictory that the doctors knew not what to do; but do what they would she continually grew worse, and refuctantly they declared she must die. At the request of a friend, the mother at this stage procured a box of Peters' Worm Lozenges. The first dose satisfied all that worms was the cause of all the child's sufferings, and two boxes effected a perfect cure.

of standing every change of climate, not will it lose its fustre by age.

The Redford and Søranac Crown Window Glass are distinguished from ordinary Glass by the uncommon evenness and heavily of surface, the superior transparency and lightness of color, the great thickness, and the general excellence of the materials which compose them. The surface not being polished after being blown, retains the enamel, brilliancy, and hardness, and is not subject to the objection so often applied to Plate Glass, of being easily defaced and permanently bedinamed by dust; being made of extra thickness, will, without injury, withstand violent winds, tail storms, jars of cannon, &c. Its use, in the end, will prove more economical, independent of its adding so much to the beautiful appearance of buildings.

in the end, will prove more economical, independent of its adding so much to the beautiful appearance of buildings.

Specimens of this deservedly popular Glass may be seen in the New York Exchange and Custom House, Howard's Hotel, Bronson's Buildings, Broadway, Centre Markel, and a great many private residences and stores in various parts of the city; also, in the Exchange and Custon House, Boston; Girard College, Philadelphia; Exchange Hotel, Baltimore; in the public buildings at Washington city; the Capitol at Raleigh, North Cardina, and in many both public and private edifices throughout the United States. It has been used in a great number of steamboats and railroad cars, and given entire satisfaction. It is be ieved that the above will suffice to prove that this Glass stands pre-eminent, and that it deservedly merits the approbation of builders and consumers of Glass.

The Saranac Crown Glass is most used in atcres and buildings of the second order, green houses, &c. where strength and clearness are particularly desired, and will range about 334 per cent cheaper than Redford. The double thickness is always used for lighthouses, and is taken by the true economist for sky lights, steamboats, ships cabin windows, &c.

SHANNON COUNTY, MISSOURI.

I WOULD now ask the attention of capitalists to these Copper Mines, rich in ore, yielding from 40 to 66 per cent. of copper, which, by a single process of smelting, is equal to the South American refined pig—so pronounced by Messrs McKim & Co., of Baltimore, to whom several shipments were made by the "Mine a la Motte Mining Company." Situated near the junction of Jack's Fork and the Current river, within half a mile of either stream, and near waterpower for all manufacturing purposes, and under a suxny clime, in the vicinity of agricultural lands equal to the best in Missouri; surrounded by hills bearing inexhaustible forests, and rising to mountains whence flow pure and never-failing springs, forming navigation six months in the year,—Nature, with a profuse hand, seems to have omitted but few facilities for manufacturing, and transporting the product of the copper mines. Believing this property, of all the wast and fertile Mississippi valley, may be made the most safe and profitable investment of capital, I will propose a disposition of a portion, (by sale or otherwise,) on liberal terms, by which to enlist the agency SHANNON COUNTY, MISSOCHI.

PETERS' VEGETABLE SHILLING STRENGTHENING PLASTER.

This is not only the cheapest, but the best, neatest and most comfortable plaster in existence.
Peters' Shilling Plaster is an easy and most effective remedy for pain in the breast, side, or stomach, weakness or pain in the chest, loins, or back—stiffness of the neck, aflections of the limbs or joints, whether produced by rheumatism or other causes, habitual pain of the head or stomach, piles, colds, coughs, liver complaints, weakness of the spine, predisposi ion to break out in biles and pimples, listlessness of the frame, and for general debilitation.

Let any person afflicted as above try one of Peters' Shilling Plasters, and we will venture to say that he could not be prevaided on to discard it again, for ten, or most probably for a hundred dollars. Price twelve and a half cents.
